NEW JERSEY STATE BOARD

STATE OF NEW JERSEY MEDICAL EXAMINERS DEPARTMENT OF LAW & PUBLIC SAFETY DIVISION OF CONSUMER AFFAIRS STATE BOARD OF MEDICAL EXAMINERS

In the Matter of:

KELLY ANN GILGER, C.N.M.

CONSENT ORDER

25 ME 00036400

This matter was opened before the New Jersey State Board of Medical Examiners (the "Board") upon the Board's receipt of a report from the Midwifery Liaison Committee detailing findings made by the Committee at the conclusion of the Committee's investigation of respondent Kelly Ann Gilger, C.N.M. The Midwifery Liaison Committee commenced an investigation of respondent's practice upon receipt of information suggesting that respondent inappropriately wrote a prescription for Tussionex for C.I., an individual who was a co-worker with respondent and with whom respondent had no midwifepatient relationship.

Upon review of available information, to include testimony offered by respondent when she appeared, pro se, before the Midwifery Committee on April 24, 2006, the Board finds that respondent wrote a prescription for Tussionex, a Schedule III Controlled Dangerous Substance, for C.I., a co-worker who claimed she needed the prescription for a cough. The prescription, written on a prescription blank obtained from Atlantic City Medical Center (on which respondent hand wrote her name and the name of her affiliated physician) was dated October 22, 2004 and signed by respondent.

The Board further finds that respondent wrote the prescription without having any midwife-patient relationship with C.I., without having first conducted an appropriate physical examination or assessment of C.I., and without generating or maintaining any record of the prescribing. Additionally, respondent possessed neither a D.E.A. nor a C.D.S. registration, and respondent wrote the prescription for Tussionex notwithstanding the fact that she was not at all familiar with the drug which she prescribed.

The Board concludes that respondent's conduct in this matter constitutes both professional misconduct and the indiscriminate prescribing of a controlled dangerous substance. The Board having found that grounds for disciplinary action against respondent exist pursuant to N.J.S.A. 45:1-21 (e) and N.J.S.A. 45:1- $21\,(\mathrm{m})\,,$ and the parties desiring to amicably resolve this matter without further administrative proceedings, and the Board being satisfied that the resolution herein is adequately protective of the public interest and that good cause for the entry of this Order exists,

IT IS on this 11^{th} day of April, 2007 ORDERED and AGREED.

So long as respondent makes monthly payments as required herein, the Board will waive the imposition of any interest on the entire assessment. the event respondent fails to make any payment required herein, the entire balance then remaining will be considered immediately due and owing, the waiver of the imposition of interest on said amount will discontinue (interest would instead then be assessed on the remaining balance in an amount consistent with New Jersey Court Rule 4:42-11), and the Board shall then file a Certificate of Debt for the amount then owing.
- 3. Respondent is ordered to attend a course in professional practice ethics, acceptable to the Board, within six months of the date of entry of this Order. Respondent shall, upon completion of

the course, ensure that documentation is provided to the Board demonstrating that respondent attended and successfully completed the required ethics course. For purposes of satisfying the requirements of this paragraph, respondent may attend either the PROBE or PRIME ethics courses, or may attend another ethics course, provided that such course is approved in advance by the Education Director of the Board.

4. Prior to resuming any practice of midwifery following the period of active suspension, respondent shall provide the Midwifery Liaison Committee with copies of all written clinical guidelines with her affiliated physician(s) and all practice protocols that she may maintain, for the review of the Committee.
